ANOVA Results **Drug Data** **Genetic Features** **Bulk data download**

Screening Data

- Drug Screening - IC50s
- ANOVA Results
- Drug Screening - Raw data
- All cell lines screened
- All compounds screened

Cell line Genomic Data

- Mutation
- Copy Number
- Methylation
- Expression

Model Annotation

Model List

Download **list of all annotated models** (935.46 kB)

A list of all models in the Cell Model Passports with their annotation included.

Archive: [View all versions](#)

Stable [link](#) that always points to the latest version.
